

PARKING PROBLEMS EASED

Cllr Fran Bennie has worked with the County Council to ensure more efficient use of communal parking areas on Heatherside.

Fran said *'White lining of the parking areas has made more efficient use of the space and I am happy to assist if there are any other areas where you feel it would help alleviate parking problems.'*

Local resident Gary Bateson is pleased with Fran's parking improvements!

KEEP OFF OUR GRASS!

Following complaints from residents that Heatherside's roadside grass was being churned up and worn away by cars, Fran has arranged with the County Council for wooden posts to be put in to protect these areas becom-

GETTING PRIORITIES RIGHT!

Fran and the Lib Dem Team have helped residents of Pollard Grove to obtain a white line between their road and the doctor's surgery car park to remind drivers to look right and give priority to cars from Pollard Grove before pulling out.

Geoff Tapping, representing Pollard Grove Residents Association, pictured with Fran, said "It's now much better with the "give way" line Fran has got for us. People used to pull out without looking before."

Helping to keep Heatherside smart and safe
