## Bicknell /Chobham Road Mini-roundabout *Is it Safe?*

Contacted after a serious accident at this roundabout recently, LibDem Councillor **Bob Smith** is asking local residents for their opinions about safety at this junction by the petrol station on Chobham Road. The mini-roundabout was introduced some years ago as part of the traffic calming measures on Chobham Road implemented as part of a "Safe Routes To School" initiative.

The mini-roundabout is often simply ignored by drivers.

*"The official accident statistics show only three accidents over the last three years at this mini-roundabout"* said **Bob Smith**, *"but reported accidents may only be a tenth of the actual number which occur. I would ask that anyone who has had or nearly had an accident here - or witnessed one - to please write to me at the Parkside Lib Dem address in the contact details below"*.

FOCUS will report back on this issue in due course.
